

Isolation Poem

Stuck at home,
All alone,
No people to talk to,
No one to walk to

Having to wear masks,
To be doing simple tasks,
Like shopping for food,
Trying not to have an attitude

Dreading doing online schooling,
Feeling that they are overruling,
Adults working from home,
Everyone feeling quite alone

Washing our hands 100 times a day,
Making sure everyone is okay,
Case numbers are quite alarming,
Wondering how many people it is harming

There is nothing to do,
Wishing we could go to the zoo,
Having to self-isolate,
Do the right thing don't hesitate

When going out keeping our space,
And trying not to touch our face,
Go and get tested,
Don't get arrested
